*I pledge allegiance to the Flag
of the United States of America
and to the Republic for which it
stands, one nation indivisible, with
liberty and justice for all.*

MUNICIPAL AFFAIRS

59th Report

**For Six Months Period
JANUARY 1, 1951 TO JUNE 30, 1951**

RUTLAND, VERMONT

Printed by
NOVAK PRINTING COMPANY INC.

Foreword

Each year a concise yet comprehensive account of the City's business and activities is published for you—the stockholders in the City of Rutland. This present report is somewhat curtailed due to the fact it covers the period from January 1st to June 30, 1951.

Our new fiscal year now runs from July 1st to June 30th and the usual yearly report will be published for the period July 1, 1951 to June 30th, 1952.

Original approved bills supporting expenditures are on file in the City Clerk's Office and cancelled checks on file in the office of the City Treasurer. Any interested citizen is welcome at any time to call at the City Hall and examine vouchers and cancelled checks.

On the last page of this report appears a statement showing comparative operating expenses of the different City Departments for several years. We urge you to read this table in order that you may know to what extent departmental expenditures have necessarily increased. Budget figures for present fiscal year are also shown.

City Calendar

1952

- Jan. 17 **Last day** for filing nominations for city offices.
- Feb. 1-15 **Period for payment of third quarter** assessment due on Real and Personal Property, for year July 1, 1951 to June 30, 1952. After February 15, delinquents will be subject to 5% penalty.

Mayor's Message

To the Citizens of Rutland:

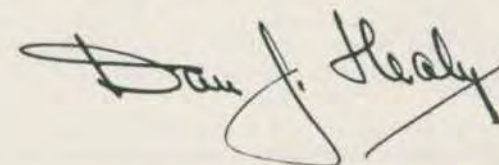

It is with pleasure that I submit the fifty-ninth report of our city.

This report, appearing in an abbreviated form, is not intended to be as inclusive as the regular annual city report but is designed to present an outline of financial operations for the six months from January 1, 1951, to June 30, 1951, the interim period, resulting from our change to a new mode of operating on a fiscal rather than a calendar year which change was approved at the March meeting of 1950.

The last complete City Report issued (58th) covered the calendar year 1950 which ended December 31, 1950. Our City Charter requires that a Report be published annually, therefore, to comply with this requirement we deem it advisable to prepare a summary covering the period from January 1 to June 30, 1951. In the meantime we shall arrange for the General Assembly so as to amend our Charter to provide for future issuance of an annual City Report on or before the 15th of September of each year.

I desire to take this opportunity to extend my sincere appreciation to all of our city officials and employees for their loyal and efficient service during the past year and to invite their fullest cooperation for the present year.

Respectfully submitted

Rutland

(The Marble City)

Rutland was founded in the year 1769. The first white settlers were Timothy Mead and family, Zebulon, James, Stephen, Ezra and one daughter.

Rutland, the shire town of Rutland County, was granted by Charter Sept. 7, 1761, by Governor Bennington Wentworth of New Hampshire to Col. J. Willard Winchester. The first named grantee of the charter was John Murray of Rutland, Massachusetts, who gave name to township.

Rutland County at that time was under the jurisdiction of five different powers, 1st—The native Aborigines, 2nd—The French by right of discovery, 3rd—The English by right of conquest and Colonization, 4th—The Independent Republic of Vermont up to the time of the admission of the State in the union, March 4, 1791 and 5th—By the Government of the United States of America.

The first county seat was at Tinmouth, remaining there until 1784 when moved to Rutland.

The Railroad between Rutland and Bennington was put in operation in 1852.

The Howe Scale was invented in 1855 by two young men, F. M. Strong and Thomas Ross who secured their first patent in 1856. In 1857, John Howe, Jr. of Brandon, Vermont, purchased the plant and began the manufacture of scales at Brandon. In 1877, the entire plant was moved to Rutland.

The population of Rutland City was 17,647 according to the 1950 census. Rutland is a trading center for over 100,000. Number of residence dwellings—3530.

The Rutland Railroad operates both passenger and freight service in and out of Rutland. The Delaware & Hudson Railroad also operates as a freight carrying road in and out of Rutland.

Rutland is a regular stop on the Colonial Airlines New York to Burlington and Montreal route. Negotiations are being carried on at the present time in an effort to acquire air service to Boston.

Rutland's educational facilities have always been ranked with the leaders. Public school system consists of one high school, one junior high school, six elementary schools, with a total enrollment of 1757.

Parochial school system consists of one high school and three elementary schools with a total enrollment of 1718.

One privately owned and operated Business College is located within the City.

Recreation facilities and the program in Rutland are many and varied. The city employs a full-time Superintendent and Asst. Superintendent who have developed an extensive program through which all age groups may find enjoyment.

The facilities are as follows: A swimming pool, eight playgrounds, a skating rink equipped with lights, a newly purchased ski tow in operation at the Country Club. The Rotary Field House at the present time is the only building operated by the Recreation Department. It is used every afternoon and evening except Sundays. The Madison Street School is being renovated by the Lions Club to be turned over to the Recreation Department for use as a Community Center.

The program consists of every type of activity from Arts and Crafts to softball and baseball for all age groups. Special events such as our annual Halloween celebration, Christmas party, ping-pong tournaments, fishing contests, Model Train competition, and many others have taken place over the past year.

Excellent skiing may be enjoyed at Pico, only seven miles from Rutland. Lake Bomoseen, 12 miles from Rutland and Lake Dunmore 26 miles north of Rutland are popular summer resorts.

With its central location for wholesale and retail business, Rutland is a most desirable place for permanent business and resident location.

Total	<hr/>
	\$146,225.20

STREET DEPARTMENT

The largest part of the expense for snow removal for the winter of 1950-51 came after January 1, 1951. About \$14,000 was spent during the first four months of the year for removing snow and ice from the city streets.

Upon the arrival of good weather we immediately began the repair of winter-damaged streets. Extra equipment for this purpose was hired from a private contractor. By May 8th surface treatment of city streets with tar and asphalt was underway. Before July 1, North Street, from Main Street to Church Street; Church Street, from West Street to North Street; Terrill Street, from East Street to Lafayette Street; and Williams Street, from Grove Street to Church Street, were paved with a "Hot-Mix" bituminous concrete surface.

Other work carried on during the first six months included repairing sidewalks, roads and trees damaged by the storm of November, 1950; care and maintenance of Main Street Park; reconstructing four culverts with guardrails; cutting and removing brush from city streets; rubbish collection during Clean Up Week; and care and supervision of the city dump.

SEWER DEPARTMENT

In the Sewer Department the work included building an 8" sewer main on Preville Avenue; 275 ft. of 18" storm sewer in the Piedmont area; 22 house services were constructed; 11 sewer mains repaired; 14 catch basins rebuilt and 3 sewer mains unplugged.

WATER DEPARTMENT

During the early part of the year the help of all our small Water Department force is required to keep open the channel from the water supply intake to the reservoir.

Other work performed included constructing 16 house services; relaying 24 house services; repairing leaks in the water mains—one of which was serious, leaving the whole city without water for six hours—repairing and checking hydrants, and repairing and installing water meters. The city reservoir was given its annual cleaning. A new 6 inch main was extended across East Creek at State Street to replace the main washed out during the flood of 1947.

Fire Department

The Fire Department responded to 215 alarms and to 35 Special Service calls from January 1, 1951 to June 30, 1951.

Fire Loss, January 1, 1951 to June 30, 1951

VERMONT DEPARTMENT OF SOCIAL WELFARE

Montpelier, Vermont

This is our sixteenth annual report to the citizens of the City of Rutland, on State payments in your municipality of various types of assistance and welfare during 1951.

The total number of recipients in the State has declined but expenditures are larger by reason of increases in the legal monthly maximums authorized by the 1951 Legislature. Funds for the support of these programs were derived from the Federal Government 57.5%, State Government 37.6% and Town or City 4.9%. Total administrative expenses for the four types of Public Assistance were 4.2% and for all programs and services 6.5%, giving Vermont top ranking in the nation for low cost. In Vermont one in six persons over sixty-five receive Old Age Assistance and one in fifty children under the age of eighteen receive Aid to Dependent Children.

None of the assistance programs are pensions. They are paid on the basis of need and in accordance with policies and procedures established under law. Children and parents, in proportion to their ability, have legal as well as moral obligations under the Statutes.

Old Age Assistance	\$170,386.50
Aid to the Blind	4,691.00
Aid to Dependent Children	35,050.00
Adult Crippled Aid and Aid to the Totally and Permanently Disabled	4,145.00
Committed Children	\$13,338.41

Total \$227,610.91

W. ARTHUR SIMPSON, *Commissioner*

Building Inspector

H. P. BATTLES, City Clerk

Auditors

To the Honorable City Council
City of Rutland, Vermont:

Your auditors have made an examination of the accounts and financial records of the Treasurer of the City of Rutland, Vermont, from January 1, 1951 to June 30, 1951 inclusive.

In connection with our examination we have examined the records of the School Department, Department of Public Works, City Clerk, City Constable, Overseer of the Poor, Police and Fire Departments, Recreation Department, Municipal Airport, and the Municipal Court, and traced all cash receipts as shown by the department records to the City Treasurer's records.

The tax collections by the City Constable were verified by comparison of the duplicate receipts issued by him with the amounts received from him by the City Treasurer. All abatements shown on the delinquent tax schedule were properly authorized by the Board of Aldermen.

Cash disbursements and the distribution thereof were verified by a complete check of the city warrants, and by comparison of the totals shown by various department records and on the Purchasing Agent's Warrant Book.

Payment of principal and interest on the bonded debt were verified by examination of cancelled bonds and cancelled interest coupons.

Cash balances at June 30, 1951 were verified by reconciliation of the balances shown in the report with those shown on bank statements as of above date.

Temporary loans outstanding, \$75,000.00, were verified by examination of the temporary loan register.

The bonds outstanding, \$639,000.00, were verified by examination of the records maintained in the City Treasurer's office and from examination of the bond books which contain all cancelled bonds and interest coupons.

The books of the City Treasurer are in their usual excellent condition and clearly show the City's financial condition as of June 30, 1951, and the result of operation for the six months period ended, and we hereby certify that in our opinion, all monies received have been duly accounted for, as evidenced by the books and records on file.

The able assistance given us in this audit by Roy D. Watkins appointed Assisting Auditor by your Honorable Board was very helpful.

Respectfully submitted,
FRANCIS J. CASAVAW
J. E. DONAHUE
W. HOWARD SHERMAN
Auditors

City Treasurer

To the Honorable City Council:

Gentlemen:

I herewith present to you my report as City Treasurer for the interim period January 1, 1951 to June 30, 1951.
